

MALAYSIA FUTURE AGRI TECHNOLOGY 2.0

MFAT 2.0

Where Agriculture Meets Intelligence

DATE

29TH OCTOBER 2026
THURSDAY

VENUE

PICC, PUTRAJAYA
PUTRAJAYA INTERNATIONAL
CONVENTION CENTRE

Bringing together industry leaders, plantation companies, technology innovators, government agencies, researchers, academia and solution providers to accelerate the digital transformation of agriculture.

LEARN

Hear from renowned industry experts, technology pioneers, and plantation leaders sharing practical insights and real-world case studies.

CONNECT

Network with decision-makers, plantation owners, researchers, government agencies, investors, and technology providers.

DISCOVER

Experience the latest innovations that are improving productivity, sustainability, efficiency, and profitability across the agriculture sector.

COLLABORATE

Build new partnerships and explore opportunities to accelerate digital transformation within the industry.

AGRI-TECHNOLOGY SEMINAR

Gain valuable insights from industry experts through:

- Keynote Presentations
- Industry Sharing Sessions
- Expert Panel Discussion
- Real-World Case Studies

300+ Expected Delegates

Plantation Owners • Estate Managers • Technology Providers • Government Agencies • Researchers • Academia • Industry Professionals

TECHNOLOGY EXHIBITION

Explore approximately 40 exhibition booths showcasing:

- Smart Plantation Solutions
- Artificial Intelligence (AI)
- Automation & Robotics
- Digital Platforms
- IoT Technologies
- Agricultural Machinery
- Sustainable Innovations
- Research & Development
- Future Farming Technologies

ORGANIZER

EVENT MANAGEMENT

Malaysia Future Agriculture Technology (MFAT) 2.0 is Malaysia's premier Agri-Technology event, bringing together industry leaders, plantation companies, technology innovators, researchers, government agencies, academia, and solution providers to explore the next generation of sustainable and intelligent agriculture.

Jointly organised by the Malaysian Palm Oil Association (MPOA) Selangor and The Incorporated Society of Planters (ISP) Negeri Sembilan, with SD Guthrie Agri Bio Sdn. Bhd., MFAT 2.0 serves as a dynamic platform for knowledge exchange, business networking, collaboration, and technology adoption.
